

trak | ecomizer

Pay per use – you only pay for
the motive power you use!

No investment necessary –
stay flexible!

We take care!

360°
energy management

YOUR challenge

- Deviation of used motive power during the year
- Buying processes are laborious and recurring
- No knowledge of handling industrial batteries existing
- Costs for batteries, chargers and maintenance are not projectable
- Downtime caused by defect batteries or chargers

YOUR solution

- Energy is always available – guaranteed
- No investment necessary, variable costs instead of fixed costs
- Long-term assistance and consultation by HOPPECKE energy experts
- Transparent billing on the basis of used energy
- HOPPECKE full service, up to 24/7 battery changing service if desired
