

GOOD REASONS FOR YOU TO OPTIMISE YOUR PROCESSES WITH HOPPECKE

LITHIUM OR LEAD-ACID? YOU ARE LOOKING FOR ANSWERS

We have all relevant battery technologies in our portfolio: lead acid, lithium-ion and FNC technology. We provide independent advice on choosing the right technology for your application. Our focus is on your application and not on the product portfolio.

YOU NEED SMART SOLUTIONS

Many of our products are connected with each other and can be perfectly integrated into existing intralogistics structures via interfaces. **We will prepare you for digital change.**

YOU ARE LOOKING FOR EXPERTS WITH PROJECT EXPERIENCE

For new projects such as the change of the engine type, from diesel to electric drive, we are at your side with our more than 90 years of experience and competence in the field of industrial energy storage. **From planning and implementation to the recycling of used batteries: you can rely on us.**

YOU WOULD LIKE TO INVEST YOUR FINANCIAL RESOURCES IN YOUR CORE PROCESSES

Our financing models are diverse and flexible, adapting to your challenges. Whether consumption-based energy billing, rent, operator model or purchase - we always have the right solution for you. **We strengthen your competitiveness.**

YOUR INTERNAL RESOURCES ARE NOT ENOUGH

Your maintenance department is working to full capacity with its daily business. You need professional support. With HOPPECKE you gain a reliable partner with their **own factory customer service**. More than **350 service staff** are available to you throughout Europe.

YOU WANT TO REDUCE YOUR CARBON FOOTPRINT

You have decided to use the large roof areas of your logistics and production halls for a photovoltaic system. With the commercial storage of our sister company INTILION **we have the right solutions for your own consumption of renewable energy.**
